

Rackable Compressed Wood Pallet

Scenix pallet supplies high quality Rackable Compressed Wood Pallet. We are professional manufacturer for innovative presswood pallets and compressed wood pallet machines in Qingdao, China. Customer satisfaction is our biggest goal

Product Introduction

Our eternal pursuits are the attitude of "regard the market, regard the custom, regard the science" as well as the theory of "quality the basic, believe in the 1st and management the advanced" for Fixed Competitive Price China Particle Board Pallet Block for Pallet Legs, We sincerely welcome overseas customers to consult for the long-term cooperation and the mutual development. We strongly believe that we can do better and better. Fixed Competitive Price China Particle Board, Pallet Block, Customer satisfaction is our first goal. Our mission is to pursue the superlative quality, making continual progress. We sincerely welcome you to make progress hand in hand with us, and construct a prosperous future together.

Rackable Compressed Wood Pallet

Introduction of Rackable Compressed Wood Pallet

Pallet is the horizontal platform device for the loading, stacking, and transporting of goods and products as unit loads. Presswood pallets are plant fiber molded flat industrial pallet, as the full name. Molded wood pallet is made of raw materials such as wood shavings, plant straws, and so on. Molded wood pallet is one-time press molding with the overall structure of the board and 9 support feet. The upper surface of presswood pallet plate is flat and smooth, to meet the transport of various goods, the lower surface with the stiffener. It is that the longitudinal and horizontal balance of the board, nine feet can meet the four-way distribution by the fork, and Rackable Compressed Wood Pallet is ideal for logistics transport.

Specification of Rackable Compressed Wood Pallet

PRODUCT PARAMETERS	
Material:	high quality wood fiber
Synthetic resin:	high strength environmentally adhesive
Load:	dynamic load 2000kg / static load 5000kg
Fork hole height:	90mm
Manufacturing:	molded in one solid piece from dried wood fibers
Into the fork:	4 way entry
Specifications:	1100x1100mm / 1200x800mm / 1200x1000mm/1050x1050mm(4 way)
	1140x980mm / 1300x1000mm(2 way)
Fumigation certificate:	no fumigation, can be exported directly

Presswood pallet

Presswood pallet is the full name of plant fiber molded flat industrial pallet, with the overall structure. And the surface of pallet is smooth and flat, to meet the transport of various goods.

Wooden pallet

Wooden pallets use logs as the material, through the drying and modeling, to eliminate the internal stress, and then cutting, planing, sanding and other finishing processing, using nails to connect the wood plate, and the last is the wax sealing process.

Product Application

Dynamic load capacity: over 2 Tons

Static load capacity: over 5 Tons

Moisture content: ≤8%

Used for the storage, packing and transportation of goods in many industries, such as paper making, building material, chemical industry, electronics industry, hardware, food, pharmaceutical industry. Lower price and weight than traditional wood wooden pallet

Details Of Rackable Compressed Wood Pallet

Raw materials for Rackable Compressed Wood Pallet are anything contains wooden fiber, and are very easy to get. Besides, the raw materials contenting rich fiber also can be used to produce presswood pallets.

1. Waste wood, scraps of the wood, sawdust wood chips, wood shaving, wood chips, big chips, raw wood, burned forest, logs, wood board, branches, timber, wood flakes, and waste pallets, and so on.
2. Anything contenting rich fiber also can be used to produce the pallets, such as straw, waste kraft paper, bamboo, palm trees, coconut husk, softwood, wheat straw, bagasse, and miscanthus, and so on.

Delivery and Shipping Service of Rackable Compressed Wood Pallet

Shipping methods:

By Sea: From Qingdao seaport

By Air

By Train or by Land

Payment methods:

T/T, Paypal, Western union, Moneygram, Cash

Faq

1. Space-saving.

The same size of Rackable Compressed Wood Pallet is nestable. And, they can be easily separated from a stack with a fork lift truck. Nesting pallets reduces storage space by up to 66% than conventional wooden pallets.

2. Lighter weight.

Rackable Compressed Wood Pallet is 60% lighter than a conventional wooden pallet.

3. Excellent design.

Round edges design of presswood pallet is suitable for cargo safety, and perfect reinforcing rib to enhance loading ability. Accurate size with one-time pressed, no bending.

4. Safe.

Rackable Compressed Wood Pallet is a one-piece design. There are no nails or staples to reduce product and package damage. And eliminating burrs help reduce employee and customer injuries.

5. Environmentally friendly.

Presswood pallets are a resource-friendly, wood-based recycling product, made from recycled waste wood from saw-mills and industry.

6. Ready for export.

Rackable Compressed Wood Pallets are acceptable for export all over the world. The high temperature and pressure manufacturing process makes the pallets free fumigation and burns out all insect and larval infestations.

7. Quality assurance.

Low 6-8% moisture content of presswood pallet reduces the risk of product damage. And resin bonded construction provides high water resistance.

8. Recyclable and renewable.

Old pallets which are no longer usable can be shredded and re-glued to make new Rackable Compressed Wood Pallet.

Company

Qingdao Senyu Environmental Protection Technology Co., Ltd. is situated in the beautiful city of Qingdao, China, specialized in the R&D, sales and manufacturing of compressed wood pallet, Rackable Compressed Wood Pallet and presswood pallet machine. Through years of strenuous effort, Scenix has started to play an important role in this market with an annual output of 5800,000pcs. Since its very beginning, the company has been committing itself to the belief "focus on reducing costs, creating value for customers".

Thanks to its competitive prices, quality products and post sale services, the company wins a lion's share of the industrial market with its reach into many fields of chemical, auto-parts, printing, food and the like. Most of our customers are repeat order reputable customers from Middle East, Asia, Europe, United States and other foreign countries.

Now we owns 3 branch companies, from the collection of raw materials to the manufacturing of the customized mold, from R&D team to marketing & trading team (Qingdao Yuking New materials). Scenix has the ability to control all the production process of the industry chain. Qingdao Scenix is stepping up its effort to build up itself into an international brand.
